

STUDENT TRAVEL TALLY PROJECT

The Travel Tally Project is a TWO (2) DAY in-classroom data collection exercise to capture how students travel to and from school. Analysis of students' travel behavior assists Safe Routes to School (SRTS) in developing plans to reduce speed and promote responsible travel by adults and children on our city streets. Thank you for joining other LAUSD schools by collecting your data on September 12 and 13, 2018.

Instructions for SRTS Liaison

Due Date	Activity
September 4	Deliver one Tally Data Collection Form to each teacher after informing them of the project at a prior staff meeting.
September 12-13	Announce the Tally Project on the intercom.
September 12-13	Teachers conduct the Tally in classrooms.
September 21	Collect completed forms from all teachers, and return in pre-paid envelope to Safe Routes to School. Return completed Tally data collection forms in pre-paid envelope to Safe Routes to School.

Project Support

Please contact Safe Routes to School at (213) 515-0895, or email ladot.saferoutes@lacity.org.

To Be Completed by SRTS
