

# STUDENT TRAVEL TALLY PROJECT

## Data Collection Form | September 12, 2018 - Day One

The Travel Tally Project is a TWO (2) DAY in-classroom data collection exercise to capture how students travel to and from school. Analysis of students' travel behavior assists Safe Routes to School (SRTS) in developing plans to reduce speed and promote responsible travel by adults and children on our city streets. Thank you for joining other schools by collecting your data on September 12 and 13, 2018.

### TEACHER INSTRUCTIONS

- Use this form to collect 2 days of data.
- We are doing a project on the ways that you travel TO and FROM school". Read the travel choices to them from below.
- Explain that you will be asking two questions.
- Tell students to raise their hand only once for each question. (Be creative with your younger students to support this outcome).

1. Ask "How did you **travel to school** this morning?"

- » Read the travel choices one at a time. They may choose only one mode of travel.
- » Count the hands raised when each travel choice option is announced and write the number in the appropriate box.

2. Ask "How will you **leave school** today?"

- » Count the hands raised when each travel choice option is announced.
- » Please confirm "To" and "From" counts are equal. Explain any discrepancies in the Day 2 comment box.
- » LADOT/Consultant will do the data entry.
